 - Useful functions for ILL

Inside CiNii Books – Search

The screenshot shows the CiNii Books search interface. At the top, there are two tabs: "Book & Journal Search" (selected) and "Author Search". To the right is a link "Search Articles »". Below the tabs is a large search input field. Underneath is a section titled "Advanced Search" with a dropdown arrow. This section contains several search criteria: Title (with an "Exact title match" checkbox), Author, Author ID, Publisher, ISBN, ISSN, NCID, Subject, Classification, Note, Format (dropdown menu), Language (dropdown menu with a "Code" button), Year (range selector), Library ID, Organization ID, and Area (dropdown menu). At the bottom, there are radio buttons for "Books and Journals" (selected), "Books", and "Journals", and a checkbox for "Romaji to Kana". A "Search" button is located at the bottom center.

- Search by basic bibliographic information (Title, Author, IDs)
- Search by Subject, Classification, Notes, Media format
- Filter by Library ID, Organization ID and Area
 - You can search for particular libraries!
- N-gram-based search (don't mind word separation)

- EndNote
- Mendeley

④ Social media

- Twitter
- Facebook

The screenshot displays the CiNii search results page for the book "ウェブらしさを考える本：つながり社会のゆくえ" by 大向一輝 and 池谷瑞穂. The page is annotated with four numbered callouts:

- 1**: Points to the search bar and the user profile area (National Institute of Informatics) in the top right.
- 2**: Points to the cover image of the book.
- 3**: Points to the "Export" section, which includes links for RefWorks, EndNote, and Mendeley.
- 4**: Points to the "Share" section, which includes links for Twitter and Facebook.

Other visible elements include the "Available at 128 libraries" section, a list of holding libraries (e.g., National Institute of Informatics, Aichi Toho University Library), and a "Link" section with various resolver options like Webcat Plus and WorldCat.

Recent updates – August 2012
