#### What is Research Navi?

Website of the National Diet Library (NDL) that provides useful information for research. Contains search guides (調べ方案内) and thematic databases.

#### 1. Contents of Research Navi

- ◆ Search Guide (調べ方案内)
  - A pathfinder that provides outlines and information resources (both printed books and  $\checkmark$ digital information resources) for specific topics.
- Open-web resources have a link, so you can access quickly and search.  $\checkmark$
- Now offers around 180 search guides in the humanities, total more than 1,500 search  $\checkmark$ guides.
- $\checkmark$ Some search guides also have an English version.

#### Thematic databases useful for reference in the humanities

#### ◆ Contents Database (目次データベース)

- $\checkmark$  Table of contents of materials (e.g. reference books, collection of papers, musical scores) which are not available in NDL-OPAC can be searched.
- Solution Series Contraction (Humanities) Database (日本人名情報索引(人文分野) データベース)
- Database of biographical dictionaries and books that provide profiles of Japanese figures.  $\checkmark$
- ✓ Several can be searched by the person's name.

- In NDL Online, Table of Contents of NDL Digital Collection and Contents Database of Research Navi are also searched. NDL Online provides English-language request interface. NDL will also renew our website in February 2018.
- \*2 Collaborative Reference Database is capable of searching reference transactions of NDL and other libraries.
- \*3 Information on Reference books (参考図書紹介), Contents Database (目次データベース), Bibliography about modern Japanese military (近代日本軍事関係文献目録), Information on lists of Company/Organization (企業・団体リスト情報), Conference proceedings/scientific and technical journals database (科学技術論文誌・会議録データベース), Bibliography of Japanese Biographical Information (Humanities) Database (日本人名情報索引(人文分野)データベース) in thematic databases of Research Navi are searched.

## Humanities Links 人文リンク集

#### What is Humanities Links?

Humanities Links is useful links to websites about the humanities and general-purpose databases.

- $\checkmark$  Setting and sorting of genres conform to Nippon Decimal Classification (NDC).
- Most are open-web resources.  $\checkmark$
- Concerning paid-for databases, only the name has been posted without setting link.
- Now offers links of around 500 websites. Updated every month.  $\checkmark$ Approximately 10% have been replaced in one year.
- $\checkmark$  These were made available to only our staff in the beginning, and to the public in Research Navi in 2011.
- ✓ In principle, it links to the search screen, so you can search databases quickly.
